

A SHIFT IN PERSPECTION

Ingredients

- 2 oz Strawberry Coconut Vodka
- 3 oz coconut water
- 0.5 oz fresh lime juice
- Fresh strawberry slices
- Fresh mint sprig for garnish

Instructions

1. Prepare strawberries: Slice 2-3 fresh strawberries into thin rounds.
2. Build in glass: Fill a highball or rocks glass with ice cubes.
3. Add strawberry slices: Tuck strawberry slices between the ice and the glass so they're visible from the outside. This creates a beautiful presentation.
4. Add liquids: Pour strawberry coconut vodka, coconut water, and fresh lime juice over the ice.
5. Stir gently: Use a bar spoon to stir 4-5 times, incorporating all ingredients without over-diluting.
